

COMMUNITY HEALTH NEEDS ASSESSMENT CRITICAL ACCESS HOSPITALS

PRC is offering an extensive, easy-to-read community health needs assessment exclusively for hospitals like yours, designated as critical access by the Centers for Medicare & Medicaid Services (CMS). This affordable solution frees valuable staff time and allows your hospital to stay focused on providing excellent healthcare.

- Ensure your CHNA is IRS-compliant
- Save months of staff time
- Engage your community
- Collect insights from up to 100 key informants
- Receive a robust and actionable community health report
- Use Healthforecast.net® to publicly report results
- Count on professionally collected secondary data
- Determine the needs of your community

PRC's drive to promote and enable excellence in healthcare means that we provide a multitude of research solutions to meet your needs, including government-mandated surveys, physician alignment & engagement studies, employee engagement studies, community health research, and consumer & brand research. Let us help you create your own culture of excellence.
